Privacy Collection Notice

The collection of personal information by the University of Melbourne (**University**) is governed by the *Privacy and Data Protection Act 2014* (Vic) and *Health Records Act 2000* (Vic) (together, **Privacy Laws**). The University is also considered to be a data controller for the purposes of the EU General Data Protection Regulation 2016/679 (**GDPR**) in relation to the collection of personal information from individuals located in the European Union (**EU**), while conducting certain activities. The University is committed to protecting your privacy and processing your personal information fairly and lawfully in compliance with the Privacy Laws and the GDPR, as applicable.

The information on this form is being collected by the Faculty of Engineering and Information Technology for the purposes of administering this scholarship, including selection, awarding and reporting requirements. The information you provide will be used by members of the scholarship selection committee and may be shared with the donors of the award. We will not disclose your personal information to anybody else unless you have given consent, or we are authorised or required to do so by law.

The University stores personal information in both electronic and paper based form and does not segregate or treat personal information differently based on your geographical location. The University takes all reasonable steps to ensure that the information we hold is accurate and complete, and that we implement and maintain appropriate technical and organisational security measures to protect personal information transmitted, stored or otherwise processed, from accidental or unlawful destruction, misuse, loss, alteration, unauthorised access or disclosure.

We will retain your personal information only for as long as required for the purpose it was collected and in accordance with our legislative obligations. This information is then securely destroyed in accordance with the [University's retention and disposal authority](#).

You may request access to, or correction of, information we hold about you, or exercise rights of access, rectification, erasure and other rights under the GDPR, at any time. Please refer to our [Privacy webpage](#) for information on how to contact us about privacy, how to lodge a complaint and for the contact details of the University's Privacy and Data Protection Officer.

About the scholarship

Computing and Information Systems PhD Scholarship

Form Preview

* indicates a required field

Introduction

The Computer and Information Systems PhD Scholarship is offered to high achieving graduates of the Master of Computer Science from the University of Melbourne who are enrolling in the Doctor of Philosophy – Engineering and Information Technology in Computing and Information Systems.

This scholarship provides a fortnightly top-up stipend at the rate of \$20,000 per year (full time pro rata rate) for up to 3.5 years.

Eligibility

To be eligible for this scholarship, you need to:

- Have applied for and met requirements for the Doctor of Philosophy – Engineering and Information Technology in Computing and Information Systems
- Have graduated from the University of Melbourne with a Master of Computer Science.

I confirm that I meet all of the eligibility criteria listed above. *

☐ Yes

☐ No

You must meet all eligibility criteria in order to apply and be considered for the scholarship.

If you're not sure whether you're eligible or have questions, email CIS Admin Team at **cis-admin@unimelb.edu.au**

Selection Criteria and Process

Applications will be assessed on the following criteria:

- Your research proposal
- Your personal statement addressing selection criteria relating to academic endeavor, leadership skills, commitment to personal and professional growth, creativity and innovation and desire to contribute to society
- Letter of support from your prospective supervisor outlining their views on your potential to be an ambassador for the Faculty of Engineering and IT

Scholarship Conditions

This scholarship is subject to the University's [Graduate Research Scholarship Terms and Conditions](#) and cannot be deferred to the following year. In addition, students must agree to the University sharing their name and course details with the donor of their scholarship and provide a note of appreciation or a brief report on the benefits of the scholarship if requested.
